

**TB—0384**  
**OLD SITEMINDER END-OF-LIFE**

**Issue Date:** July 27, 2006  
**Effective Date:** July 30, 2006  
**Section/Group:** Systems Engineering/Administration  
**Submitted by:** Dale Hicks  
**Approved by:** Darrus McBride

---

This bulletin provides notification to agencies that the Division of Enterprise Technology (DET) will be decommissioning the old SiteMinder Authentication infrastructure, which includes the UserInfo system. This is for all of the login associations with STATE.UT.US using SiteMinder. DET has been working with agencies to assist in the migration of applications to the new UMD Authentication. All applications have been converted.

On July 30, 2006, this system will no longer be accessible and go off-line. Problems can be directed to the DTS Help Desk at 538-3440. Questions may be directed to Darrus McBride at 538-3539.
